

European Commission

EUROPE: 20 YEARS SUPPORTING RESEARCHERS

The **Marie Skłodowska-Curie Actions (MSCA)** provide funding for excellent researchers, encourage mobility across borders and sectors and foster collaboration among individuals and institutions.

Marie Skłodowska-Curie Actions (MSCA) have supported **more than 100 000 researchers** so far

8 Nobel laureates

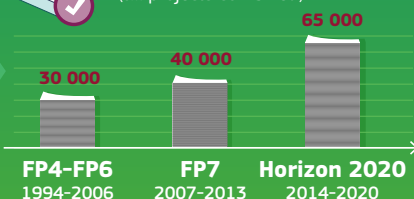

1 Oscar winner*

* A team of software developers involved with MSCA won an Academy Award in 2006 for their work on visual effects software <http://europa.eu/qk83Yg>

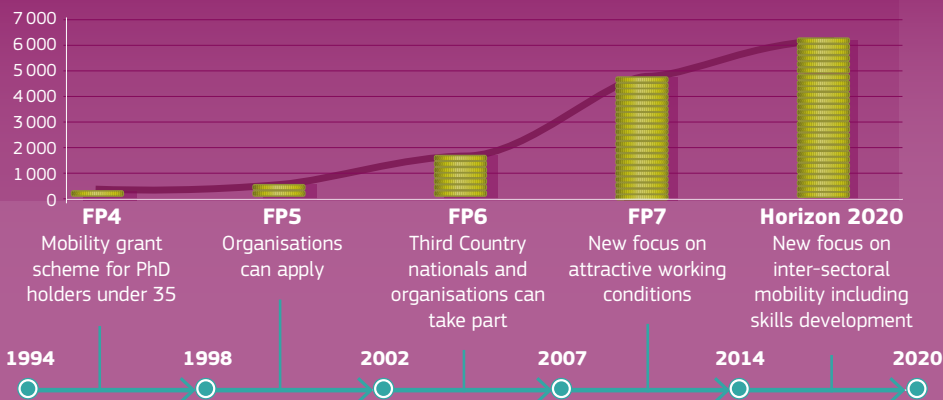

MSCA researchers
(all projects combined)

MSCA evolve to meet Europe's needs

Million EUR

Who can participate?

A focus on the private sector

FP7

27% of the participants from the private sector

Horizon 2020

37% from the private sector

Where fun meets science

Meet scientists and discover their work

Find out more <http://ec.europa.eu/research/researchersnight>

Events in almost 30 countries in over 340 cities

European Researchers' Night

Over 1 million people attend each year
